Proceedings of the meeting of the Council dated 14-8-1946

Subject 18 Letter No L 13284 dated 28-5-1946 from the Revenue Secretary that there are no reasons to reconsider the orders already passed by Government in the matter of deducting commission by the Municipality for collecting Education Cess

--

Mr K M Naganna said that the resolution of the Council was turned down by Government because they were under the impression that no extra labour was involved for doing this collection work The Government should be informed that a separate ledger has been maintained in the office for this and that this has involved extra staff and labour So the Government should sanction their resolution

Mr M F Narayana Iyengar supporting Mr K M Naganna said that the amount they had to collect by way of Education Cess was 1/8 of their total assessment collections and the Government should be asked to pay prorata, Commission

Mr D Venkataramanappa further supporting said that while the Government had refused to continue many of the grants they were paying to the Municipality, it was not proper for them to refuse to pay this since this was a legitimate claim on the part of the Municipality

Mr Devudu Narasimhasastry said that there was every probability of the Municipality being called upon to open Colleges etc in the near future and they had to prepare themselves financially to meet such future charges So they might ask Government to pay this amount

Resolution - This Council re-iterates its previous resolution and requests Government to sanction the payment of the commission as much labour is involved in maintaining the accounts relating to the Education Cess
